## WORK EXPERIENCE

### Apache Helicopter Mechanic

*US Army National Guard – Fort Eustis, VA, United States*

July 2019 – Present

- Assist in troubleshooting problems with electrical, armament, and avionics systems impacting performance of the AH-64D Apache Helicopter and assuring crewmember safety when operating sensitive aircraft equipment.
- Install, test, and assemble aircraft grade electrical components in AH-64D by utilizing interactive electronic technical manuals to understand task requirements and collaborate with team members to complete tasks on fixed time schedules.
- Conduct routine inspections of workload with the utilization of electronic logbooks in order to maintain team organization and collaborate with technical inspectors to ensure aircraft readiness before operational flight.

### Fast Food Team Member

*Wendys – Simpsonville, SC, United States*

May 2018 – May 2019

- Collaborated with team members, ensuring productive workflow of drive-thru and diner during business rush hours.
- Received and conducted order transactions with customers, ensuring clarity of orders from customers to team members.
- Prepared restaurant recipes in accordance with company guidelines in compliance with safe food handling procedures.

## LEADERSHIP EXPERIENCE

### Hanger First Sergeant

*US Army National Guard – Fort Eustis, VA, SC, United States*

November 2020 – May 2021

- Supervised and managed over eighty soldiers, ensuring accountability and group stability by building team cohesion, applying effective communication skills and utilizing army regulations to ensure team readiness in stressful situations.
- Delegated and upheld orders from higher ups to enlisted soldiers and coordinated logistics of necessary tasks by collaborating with leaders and ensuring task readiness by supplying equipment necessary for soldier success.

### Recruiting Committee Member

*Society of Hispanic Engineers – Columbia, SC, United States*

August 2021 – Present

- Assist in creating innovative methods of member retainment and organizing marketing ideas to future members in order to promote the professional development of the Latin community in STEM majors at the University of South Carolina.
- Collaborate with surrounding committees to produce maximum efficiency of recruitment by supporting fundraising campaigns and implementing community outreach programs in pursuit of emphasizing values of group organization.
